Swiss Government Excellence Scholarships 2026 – 2027

Each year the Swiss Confederation awards Government Excellence Scholarships to encourage international exchange and research cooperation between Switzerland and over 180 other countries. Recipients are selected by the awarding body, the Federal Commission for Scholarships for Foreign Students (FCS).

Warning against fake scholarship offers using the name of the Swiss Government (Phishing)

The State Secretariat for Education, Research and Innovation issues this warning against fake Swiss Federal Government Scholarships advertised by e-mail or published on social medias. Through these fake scholarship offers, crooks try to lead their victims to money transfers (under the pretext of visa and social insurance costs for example).

The Swiss Federal Commission for Scholarships (FCS) recommends never to answer to these e-mails and above all not to send any money. Please note that the application for a Swiss Government Scholarship is free of charge.

What it's all about

Swiss Government Excellence Scholarships are mainly intended for talented early career researchers (ECRs) from abroad who have already completed their Master's degree or PhD. The scholarship programme is currently open to applicants from 183 countries.

What are Swiss Government Excellence Scholarships?

Research scholarships

These scholarships are available to postgraduate researchers in any discipline wishing to pursue research at any Swiss cantonal university, university of applied sciences, either of Switzerland's two federal institutes of technology (ETHZ or EPFL) or at one of the four research institutes within the ETH Domain (PSI, WSL, Empa, Eawag). Prerequisite: the scholarship application must be backed by an academic supervisor in Switzerland who is willing to direct and guide the applicant's proposed research.

Art scholarships

Art scholarships are open to students wishing to pursue an initial Master's degree in an artistic field in Switzerland. This scholarship is available to students from a limited number of countries only.

Interested?

Applications are open starting August 4, 2025. [Here](#) you will find useful information on how to prepare your scholarship application.

After applying

Selection

Applications are submitted to Swiss diplomatic representations. The FCS assesses scholarship applications according to three criteria.

1. Candidate profile
2. Quality of the research project or artistic work
3. Synergies and potential for future research cooperation

Awards

By the end of May at the latest, the FCS will announce its decisions regarding the scholarship awards for the following academic year.

Outlook

Scholarships for the 2027–2028 academic year will be advertised online from August 2026.
